new motorcycle. Suzuki parts are manufactured of high quality materials, and machined parts are finished to close tolerances. Proper break-in operation allows the machined surfaces to polish each other and mate smoothly. Motorcycle reliability and performance depend on special care and restraint exercised during the break-in period.

Thank you, Suzuki, for using common sense and including this function on the GSX1250FA. The instrument cluster is clean and easy to read, and it includes a handy digital gear-indicator window, another feature absent on similar models. Carrying an MSRP of \$11,599, the GSX1250FA is a bargain, especially considering ABS is included in this price.
